

Advanced Renewal Serum

Description

This ultimate anti-aging serum is to be used in the evening to reduce fine lines, wrinkles, and to promote a general overall smoothness and evenness of facial skin tone. IconicA (Retinaldehyde) performs closest to Retinoic Acid in a cosmetic topical, addressing anti-age prevention properties to skin while being the least irritating Vitamin A (Retinoid) making it perfect for all skin types. Niacinamide (B3) treats the mitochondria (cell energy source) for DNA repair, in essence treating for lipofuscin and solar lentigines. SymWhite contains potent levels of tyrosinase inhibitors to work on even skin tone. Bisabolol soothes skin sensitivities so this serum will not irritate the skin.

- Treats skin cell health
- Brightens and tones the tissue
- Encourages fibroblast activity and lessens the appearance of wrinkles
- Antioxidant

Skin Types

Gentle enough for sensitive skins; all skin types in need of rejuvenation and anti-aging care.

Key Ingredients

- **IconicA (Retinal/Retinaldehyde) (2.5% converted into 0.1% Retinaldehyde)** is a stable and non-irritating form of Vitamin A (Retinoid) making it perfect for all skin types. IconicA is an anti-inflammatory, antioxidant, improves skin barrier function, tightens, and brightens the skin. This leads to healthy, soft cells with an even skin tone.
- **Niacinamide (5%)** is Vitamin B3 addresses many skin disorders due to its anti-inflammatory properties. Vitamin B3 addresses cellular respiration, lipid synthesis, inhibiting skin pigmentation and improving epidermal barrier function. Vitamin B3 treats the mitochondria (energy source) of the cell to repair DNA damage from the sun. Vitamin B3 also treats inflammatory acne.
- **Carnitine (L)** transports essential fatty acids into mitochondria for energy production, increasing skin turnover and limiting trans epidermal water loss.
- **SymWhite™ (Phenylethyl Resorcinol)** is an effective skin brightener and antioxidant containing potent levels of tyrosinase inhibition.
- **Bisabolol (L-Alpha)** acts as an anti-inflammatory, promotes wound healing, reduces sensitivity, and alleviates heat while soothing skin irritation.

Tips for Use

- Apply in the evening after cleansing and toning. Apply moisturizer on top.
- Always use sunscreen when using this product.

Advanced Renewal Serum

Important Notes

Avoid contact with eyes. Flush completely if contact occurs.

Formula Composition

Aloe Barbadensis Leaf Juice
Aqua (Water)
Niacinamide
Cyclodextrin
Caprylic/Capric Triglyceride
Gluconolactone
Carnitine (L)
Glycerin
Polysorbate 20
Tocopheryl Acetate (D-alpha)
Phenylethyl Resorcinol
Xanthan Gum
Bisabolol (L-alpha)
Sodium Benzoate
Alcohol
Rubus Chamaemorus (Cloud Berry) Seed Oil
Retinal (Retinaldehyde)
Pentylene Glycol
Porphyra Umbilicalis (Red Algae) Extract
Citric Acid
Vaccinium Macrocarpon (Cranberry) Fruit Extract
Maltodextrin
Citrus Aurantium Bergamia (Bergamot) Fruit Oil
Lonicera Japonica (Honeysuckle) Flower Extract
Michelia Alba (Magnolia) Flower Oil
Sodium Lactate
Lonicera Caprifolium (Honeysuckle) Flower Extract
Lecithin
Citrus Aurantium Dulcis (Orange) Peel Oil
Citrus Grandis (Grapefruit) Peel Oil
Sodium Hydroxide
