

Cherry Enzyme

Description

Professional Use Only. Contains 9% lactic acid, 5% mandelic acid, and 7% arbutin and 3% kojic. Designed for normal and combination skin with pigmentation. It promotes deep hydration that protects from environmental damage while relieving the surface signs of aging. Arbutin and kojic provide extreme lightening capabilities.

Tingle factor: 4

pH: 3.0-3.5

- Antioxidant
- Brightening
- Anti-aging
- Exfoliating

Skin Types

Normal, combination skin with pigmentation, and anti-aging

For sensitive skin, blend enzyme with a hydrating mask such as Goji Berry Yogurt Mask to buffer the enzyme.

Key Ingredients

- **Prunus Cerasus (Tart Cherry) Fruit Puree** and the fruit extract contains proanthocyanidins from the deep colors of the fruit, providing an excellent source of antioxidants, and the puree itself offers an exceptionally gentle but thorough exfoliation method.
- **Lactic Acid (9%)** is an alpha hydroxy acid working as an exfoliant, allowing dead skin cells to slough off, making room for regrowth of new skin. Improves wrinkling, roughness, and softens skin.
- **Mandelic Acid (5%)** is a larger molecular weight alpha hydroxy acid with antibacterial properties and is working as an exfoliant, allowing dead skin cells to slough off, making room for regrowth of new skin. Improves wrinkling, roughness, and softens skin.
- **Alpha-Arbutin (7%)** is a non-irritating skin lightener that will correct uneven skin tone. It is a natural alternative to hydroquinone.
- **Kojic Acid (3%)** lightens skin discolorations and slows melanin production by inhibiting tyrosinase.
- **Prunus Avium (Sweet Cherry) Fruit Extract** provides soothing, anti-inflammatory benefits, and is skin conditioning.
- **Giant Knotweed Extract** is an excellent source of resveratrol; powerful antioxidant support, calming properties and reduces oxidative stress by upregulating detoxifying enzymes within the cells.

Tips for Use

- Apply a thin layer to the face after cleansing. Manipulate into the skin with fingertips.
- Apply steam if desired. Remove with a warm steam towel after 7 – 10 minutes.

Cherry Enzyme

Important Notes

Avoid contact with eyes, and flush immediately if contact occurs.

Always use sunscreen after using this product.

Formula Composition

Aqua (Water)
Prunus Cerasus (Bitter Cherry) Fruit
Hamamelis Virginiana (Witch Hazel) Water
Lactic Acid (L)
Alpha-Arbutin
