

Cucumber Hydration Toner

Description

The Cucumber Hydration Toner rehydrates the skin while improving cellular functions and absorption of ingredients. The cucumber soothes and cools irritated skin.

- Reduces discomfort and irritation
- Balances surface lipids
- Assists in boosting hydration levels
- Provides probiotic support to the skin's acid mantle to support acneic skin

Skin Types

All skin types

Dry, dehydrated skin

Key Ingredients

- **Deuterium Oxide (Heavy Water)** has a high molecular weight to deliver moisturize into the skin. It helps prevent trans-epidermal water loss and is resistant to free radical transportation. It is also hydrating.
- **Sodium PCA** boosts moisture in the skin. This component of the skin's natural moisturizing factor (NMF) has a high hydrating power and is nonirritating and non-allergenic. It is a humectant with moisture-binding ability. It is highly water absorbing and non-comedogenic.
- **Cucumber Fruit Extract** is used to soothe and cool irritated skin.
- **Fructooligosaccharides (D-beta)** is a naturally occurring carbohydrate derived from cane or beet sugar and promotes growth of healthy probiotic bacteria to strengthen skin immunity. It is a humectant and skin conditioning agent.
- **Glycoderm™ (P) (Water, Honey, Phospholipids, Sphingolipids, and Hyaluronic acid)**. It restores the lipid barrier of the epidermis and increases water absorption in the corneocytes by adding natural moisturizing factors. It plumps and moisturizes the skin and improves the skin's ability to hold moisture.
- **Borago Officinalis Seed Oil** has a high concentration of gamma linolenic acid (GLA), an Omega 6 essential fatty acid and anti-inflammatory.

Tips for Use

- Use morning and evening after cleansing and exfoliating the skin.
- Spritz the toner on the skin or apply it with a cotton round.
- Use at the end of a facial by spritzing it in the air and letting it fall onto the client's face.

Cucumber Hydration Toner

Important Notes

Avoid contact with eyes. Flush immediately if contact occurs.

Formula Composition

Hamamelis Virginiana (Witch Hazel) Water

Aqua (Water)

Alcohol Denat.

Glycerin

Polysorbate 20

Deuterium Oxide (Heavy Water)

Sodium PCA

Cucumis Sativus (Cucumber) Fruit Extract

Fructooligosaccharides (D-beta)

Glucosamine HCl (D)

Honey

Phospholipids

Commiphora Myrrha Oil

Sphingolipids

Hyaluronic Acid

Borago Officinalis Seed Oil

Cucumis Sativus (Cucumber) Oil

Benzyl Alcohol

Phenoxyethanol

Fragrance/Parfum (Natural)
