

Peptide Restoration Moisturizer

Description

The Peptide Restoration Moisturizer stimulates fibroblast production and improves the appearance of fine lines and wrinkles.

- Nourishes skin; makes skin radiant
- Reduces the appearance of wrinkles
- Antioxidant
- Anti-aging properties; improves texture

Skin Types

Normal
Dry
Mature

Key Ingredients

- **Reproage™ (listed as Water, Disodium Phosphate, Acetyl Hexapeptide-8, Sodium Phosphate, Caprylyl Glycol)** is a peptide which helps create a smoother, more radiant and visually rejuvenated complexion. The skin regenerates itself at a rate equivalent to that of 17 years younger (volunteers aged 50-55), and roughness decreased up to 41.3% (56 days, 2% peptide solution), as observed in vivo.
- **ChroNOLine™ (Caprooyl Tetrapeptide-3)** is a peptide derived from a growth factor. It boosts collagen production, activates skin repair, and reduces the appearance of fine lines and wrinkles.
- **rH Oligopeptide-1 (EGF)** is a peptide to accelerate the growth of epidermal cells. It reduces wrinkles and assists in wound healing.
- **Shea Butter** is ideal for dry and aging skin. Its unique fatty acid helps moisturize and retain the elasticity of the skin. It also helps protect the skin against the damaging effects of the sun (provides enhanced UV-B protection) while repairing cellular degeneration.
- **Camellia Sinensis (White Tea) Leaf Extract** boosts the immune function of the skin cells and protects against sun damage.
- **Rosa Canina (Rose Hip) Fruit Oil** has high levels of essential fatty acids and natural retinoic acid content to aid in skin rejuvenation, hydrating, moisturizing, and nourishing. It also protects against photo damage.
- **Carnitine (L)** transports essential fatty acids into mitochondria for energy production, increasing skin turnover and limiting trans epidermal water loss.
- **Alpha Lipoic Acid** is an antioxidant that neutralizes free radicals in both the fatty and watery regions of cells (both water and oil soluble).
- **Ubiquinone (CoQ10)** is known as the most efficient manner to protect the skin from lipid peroxidation. It reduces wrinkle depth, assists in copper utilization to repair wounds such as wrinkles, and provides heightened ROS protection.

Tips for Use

- Use a small, pea-sized amount daily morning and evening to hydrate the skin.
- Apply after cleansing and exfoliating/toning the skin.

Peptide Restoration Moisturizer

Important Notes

- Avoid contact with eyes. Flush completely if contact occurs.
- Always use sunscreen when using this product.

Formula Composition

Aqua (Water)
C12-15 Alkyl Benzoate
Caprylic/Capric Triglyceride
Glycerin
Squalane
Cetearyl Alcohol
Glyceryl Stearate
Polysorbate 60
Cetyl Alcohol
Rosa Canina Seed Oil
Phenoxyethanol
Benzyl Alcohol
Camellia Sinensis (White Tea) Leaf Extract
Butyrospermum Parkii (Shea) Butter
Sodium Gluconate
Xanthan Gum
Lavandula Angustifolia (Lavender) Oil
Caprylhydroxamic Acid
Ethylhexylglycerin
Santalum Austrocaledonicum (Sandalwood) Wood Oil
Disodium Phosphate
Phospholipids
Ubiquinone (CoQ10)
Sodium Phosphate
Citrus Aurantium Dulcis (Orange) Peel Oil
Adenine
Caprylyl Glycol
Carnitine (L)
Paeonia Albiflora (Peony) Root Extract
Acetyl Tributyl Citrate
Alcohol Denat.
Acetyl Hexapeptide-8
sh-Oligopeptide-1 (EGF)
Dextran
Caprooyl Tetrapeptide-3
Phenyl t-Butylnitrone (Spin Trap)
Thioctic (R-lipoic) Acid
