

Pineapple Enzyme

Description

Professional Use Only. With its distinctive prickly skin, spiky green leaves and sweet yellow flesh, the pineapple is a symbol of hospitality as well as a tasty treat. Like many fruits and vegetables, it can be just as nourishing on the body as in the body. Pineapple contains bromelain, a naturally occurring enzyme, which provides a gentle softening and brightening exfoliation. Feed your client's skin high amounts of Vitamin C that will quench their skin with age-correcting antioxidants which are vital to overall skin health. Vitamin C also offers another layer of protection us from the sun's harmful UV rays.

Tingle factor: 0-2

pH: 3.80-4.70

- Mild exfoliation
- Potent antioxidant
- Softens skin

Skin Types

Normal
Sensitive

Key Ingredients

- **Pineapple Fruit Juice** is a Vitamin C antioxidant to protect skin from oxidative stress; it naturally contains bromelain which softens the skin and reduces inflammation in the skin.
- **Bromelain** is a proteolytic enzyme from pineapple that digests keratinocytes and soften skin; it is also an anti-inflammatory for the skin.
- **L-Ascorbic Acid** is the antioxidant Vitamin C proven to stimulate collagen synthesis.
- **Glycerin** is a humectant and draw moisture from the air to the skin to keep skin hydrated and prevent trans epidermal water loss.
- **Witch Hazel** is a flowering plant; it is a strong antioxidant and astringent that is often used as a natural remedy for psoriasis, eczema, and other skin conditions.

Important Notes

Avoid contact with eyes, and flush immediately if contact occurs.
Always use sunscreen after using this product.
